

In Search of Queering Whispers

illustrated by SONAKSHA IVENGAR

Location: SUDAN

There is a lack of initiatives to record, archive and research queer people's stories, especially in the context of the pandemic.

sonaksha

The economic, political, health and security situation in Sudan make it hard for people to attain means of communication; especially for individuals who've had to move back with their parents. For now we use a lot of hidden ways to communicate and document violations against LGBT people based on their gender."
